

Virtual Group Mentor Coaching with Julie Lines

Enhance your skills and be a Better Coach.

Are you an Executive or Leadership Coach seeking mentor coaching hours for your ACC or PCC credential with the International Coaching Federation (ICF)?

For credentialing requirements, the ICF allows up to 7 or your 10 hours of mentor coaching be undertaken in a group.

Group mentor coaching is about you deepening your understanding and application of the ICF Core Competencies. This happens in a collaborative and supportive environment, where you can observe, share, learn and receive feedback from your mentor and other coaches.

Mentor Coaching is aimed at helping you achieve/demonstrate the levels of coaching competency and capability demanded by the desired ICF credential level.

Note regarding ICF Requirements:

If you are going for an -

- **ACC credential** you need a mentor coach who currently holds an ICF credential of ACC, PCC, or MCC.
- **PCC credential** you need a mentor coach who currently holds an ICF credential of PCC or MCC.
- **MCC credential** you need a mentor coach who currently holds an ICF credential of MCC.

You will find me listed in the **ICF Mentor Coach Registry** - a prominent database of international mentor coaches. To be included in this registry, I was required to hold my original credential for 3 years and to follow the ICF Best Practice for Mentor Coaches and deliver high quality mentor coaching services on an ongoing basis.

Feedback from Coaches in 2021

"Transformational, eye opening, affirming, welcoming, inclusive, supportive."

"The program has increased my coaching knowledge and skills...My primary goal engaging in the program was around an ICF accreditation, but I can also already see how I have adopted what I have learnt through the program in my coaching. Also, I really enjoyed the program and the group experience."

"Inspiring, up-lifting, educational."

"Julie is extremely knowledgeable and allows a safe space for participants to test and try new techniques. The feedback I received is invaluable for my coaching journey."

My Approach

During **group mentoring** sessions we will explore each of the competencies in detail through discussion, practice exercises, examples, and short demonstrations.

Group sessions include feedback on live coaching, reflections, and exploration of the ICF Core Competencies. In essence, everyone gets observed and everyone gets feedback!

The credentialing process can be quite confusing because there are lots of component parts to the application process.

That is why I will –

- **Help you to navigate the Process.**
- **Break it down into what you need to know.**
- **Provide you with templates.**
